Clinical Society Meetings

Clinical Society Meetings are conducted every month since 2012. The meetings are conducted between 2-3 pm on the third Wednesday of every month. The venue of the meeting is in the Hospital Auditorium. 12 meetings are conducted every year.

Every month two interesting case reports are presented by the faculties who treated the patients. CRRIs (Internship) started presenting the case reports from April 2018 onwards, as the first batch of this Institution joined Internship in April 2018. Postgraduates started presenting the case reports from August 2020, as the first batch of Postgraduates joined this Institution in 2020.

Professors, Associate Professors, Assistant Professors, Senior Residents, Junior Residents from all the clinical, paraclinical and preclinical departments, Consultants from Superspecialty departments, Post graduates and CRRIs attend the meeting.

Every month two cases are presented. Every year atleast twenty four cases are presented.

Case discussions give good opportunities to improve the clinical reasoning skills and analytical skills. When the faculties present the cases, it forms a role modelling for the Interns. When the Interns present cases, it helps them to develop their professional skills.

This meeting is conducted by the Convenor. Dr.M.S.Somasundaram,MS, Professor of Surgery was the Convenor upto March, 2016. Dr.S.Nataraja Rathinam,MD,DCH,DNB, Professor of Paediatrics is the Convenor from April 2016 to till date.

In August, September and October 2020, these meetings are conducted online with Zoom Meeting. This is in order to maintain social distancing during the Covid pandemic.

November 2020 onwards, there will be two Clinical Society Meetings every month. One will be by the Medical and Medical Specialties. The second will be by the Surgery and Surgical Specialties. Professor Dr.L.Jerald Majellah,MD and Professor Dr. S.R.Dhamotharan,MS will be the Coordinators respectively. This will enable four case presentations every month and participation by the postgraduates.

Clinical Society Meetings

Clinical Society Meetings are conducted every month since 2012. The meetings are conducted between 2-3 pm on the third Wednesday of every month. The venue of the meeting is in the Hospital Auditorium. 12 meetings are conducted every year.

Every month two interesting case reports are presented by the faculties who treated the patients. CRRIs (Internship) started presenting the case reports from April 2018 onwards, as the first batch of this Institution joined Internship in April 2018. Postgraduates started presenting the case reports from August 2020, as the first batch of Postgraduates joined this Institution in 2020.

Professors, Associate Professors, Assistant Professors, Senior Residents, Junior Residents from all the clinical, paraclinical and preclinical departments, Consultants from Superspecialty departments, Post graduates and CRRIs attend the meeting.

Every month two cases are presented. Every year atleast twenty four cases are presented.

Case discussions give good opportunities to improve the clinical reasoning skills and analytical skills. When the faculties present the cases, it forms a role modelling for the Interns. When the Interns present cases, it helps them to develop their professional skills.

This meeting is conducted by the Convenor. Dr.M.S.Somasundaram,MS, Professor of Surgery was the Convenor upto March, 2016. Dr.S.Nataraja Rathinam,MD,DCH,DNB, Professor of Paediatrics is the Convenor from April 2016 to till date.

In August, September and October 2020, these meetings are conducted online with Zoom Meeting. This is in order to maintain social distancing during the Covid pandemic.

November 2020 onwards, there will be two Clinical Society Meetings every month. One will be by the Medical and Medical Specialities. The second will be by the Surgery and Surgical Specialities. Professor Dr.L.Jerald Majellah,MD and Professor Dr. S.R.Dhamotharan,MS will be the Coordinators respectively. This will enable four case presentations every month and participation by the postgraduates.

Annual Report of the Clinical Society Meetings 2018

Twelve Clinical Society Meetings were conducted in the year 2018 (January to December). These meetings were conducted in the 3rd floor Hospital Auditorium between 2-3 PM.

Two interesting cases, which were successfully managed in our Institution were presented by the Faculties. 20 – 30 minutes were given to each presenter. This included time for discussion. The participants discussed the case at the end of the presentation. The number of participants ranged between 60 to 110.

What is new in 2018?

The first batch of CRRIs joined in April. CRRIs were permitted to attend the Clinical Society Meetings without affecting patient care. This is an opportunity to develop Clinical Reasoning Skills and Analytical Skills. The faculties who presented cases formed Role-models.

Numbers of CRRIs who attended the Clinical Society Meetings in 2018:

April:53

May:23

June:5

July:11

August:11

September:28

October:36

Dr.Gibb, Medical Research Council, UK on “Research in Paediatrics”

Dr.Gibb from Medical Research Council, UK is a paediatrician. She is the Grand Daughter of Honourable Benny Cuick who built the Mullaiperiyar dam during the British period. She visited India in 2018 to witness the kerala floods and the integrity of the dam built by her Grand Father. Her Human gesture was well appreciated by the Velammal Medical College Students, facilities and the Chairman. She was honoured in the student’s forum. She reciprocated with her presentation on motivating research in paediatrics. She ended her talk with an offer to help the students in INDIA for good research and gave her Email. ID

Clinical Society Meetings

Clinical Society Meetings are conducted every month since 2012. The meetings are conducted between 2-3 pm on the third Wednesday of every month. The venue of the meeting is in the Hospital Auditorium. 12 meetings are conducted every year.

Every month two interesting case reports are presented by the faculties who treated the patients. CRRIs (Internship) started presenting the case reports from April 2018 onwards, as the first batch of this Institution joined Internship in April 2018. Postgraduates started presenting the case reports from August 2020, as the first batch of Postgraduates joined this Institution in 2020.

Professors, Associate Professors, Assistant Professors, Senior Residents, Junior Residents from all the clinical, paraclinical and preclinical departments, Consultants from Superspecialty departments, Post graduates and CRRIs attend the meeting.

Every month two cases are presented. Every year atleast twenty four cases are presented.

Case discussions give good opportunities to improve the clinical reasoning skills and analytical skills. When the faculties present the cases, it forms a role modelling for the Interns. When the Interns present cases, it helps them to develop their professional skills.

This meeting is conducted by the Convenor. Dr.M.S.Somasundaram,MS, Professor of Surgery was the Convenor upto March, 2016. Dr.S.Nataraja Rathinam,MD,DCH,DNB, Professor of Paediatrics is the Convenor from April 2016 to till date.

In August, September and October 2020, these meetings are conducted online with Zoom Meeting. This is in order to maintain social distancing during the Covid pandemic.

November 2020 onwards, there will be two Clinical Society Meetings every month. One will be by the Medical and Medical Specialities. The second will be by the Surgery and Surgical Specialities. Professor Dr.L.Jerald Majellah,MD and Professor Dr. S.R.Dhamotharan,MS will be the Coordinators respectively. This will enable four case presentations every month and participation by the postgraduates.
