VELAMMAL MEDICAL COLLEGE HOSPITAL AND RESEARCH INSTITUTE MADURAI - 625009

Parents Teachers Meeting

Date: 06.12.2017

Venue: Hospital Auditorium – 3rd floor

Agenda:

1. Performance of students in sessional examinations
2. Students' interest in classes and clinicals
3. Parents role in developing values and discipline in children's life.

Minutes of the meeting:

- Meeting began with a prayer song sung by the first year MBBS students.
- Dr. Suganthi K, Chair- person of PTM committee welcomed the gathering.
- Dr. Mohanty P K, Vice - Principal gave the message to parents on the agenda. In his message, the following issues were mentioned.
- Facilities that the institution had provided for the overall development of the students, still students' interest in studies and academic activities go down day by day.
- The performance of students in both the sessional examinations are very poor as most of them have failed in more than two subjects and in another one-month time they are going to appear for preparatory exam and then the final university examinations.

Prof. T. THIRUNAVUKKARASU, M.D., D.A.,
Dean

VELAMMAL MEDICAL COLLEGE

HOSPITAL AND RESEARCH INSTITUTE

MADURAI - 625009

- The way most of the students are utilizing the time in college and hostel are not effective and that is the reason their performance is not up to the mark. They go to sleep late and waking up in the morning is also late and due to that they skip their breakfast and go to class or clinicals and later they fall sick. They should develop a healthy routine and time management with which they can improve their performance.
- Students use phones for watching movie and spending time in social media which is the main distraction for them in studies.
- Principal encouraged parents to support their children to develop some values in life such as honesty and discipline. Teachers expect their students to be sincere in whatever they do. Parents should never encourage children to say some lies to get an excuse to go home. They should learn to adjust to hostel especially with the food that is provided as it is cooked for many.
- Parents should take care not to call them frequently to home as it disturbs their academic programs. Any functions of parents or siblings only should be encouraged as it was found that they take silly reasons to go home. If at all anyone is coming down from abroad, it's always preferred to come here to meet the students instead of calling them to home which again lead to absence in clinical duty and extension duty etc.

Prof. T. THIRUNAVUKKARASU, M.D., D.A.,

VELAMMAL MEDICAL COLLEGE

HOSPITAL AND RESEARCH INSTITUTE

MADURAI - 625009

- Dr. Suganthy K took up the discussion with parents regarding any issues and problems of students. Many parents supported for not giving the smart phones to children which causes a lot of distraction from studies. Warden gave a small feedback about the issues related to hostel life and why few rules are kept as very strict so that the discipline of the hostel will be maintained.
- Parent member of the committee expressed his opinion about the college and hostel as they feel their children are safe in this campus and the need to encourage students to utilize the opportunities to facilities and improve the performance.
- Some parents suggested to communicate the attendance and academic performance of each student to the parents.
- Vote of thanks was given by Dr. Suganthy.
- Meeting adjourned after National anthem at 4.p.m.

Parents Teachers Meeting

Date: 30.12.2018

Venue: Hospital Auditorium – 3rd floor

Agenda:

1. To identify any issues or problems faced by students or parents in last 4 months.
 2. To improve the relationship between parents, teachers and the students
 3. To find solution for identified problems through active discussion.
- Meeting began at 2.00 pm with a prayer song.
 - Chair-person of the committee Dr. K Suganthi welcomed everyone to the
 - meeting. Dean, Medical Superintendent, Vice-Principal, Hostel warden, committee members, parents and students were present for the meeting.
 - Dr. K Suganthi presented a short report with photographs of various activities from course inauguration till Christmas day celebrations that has happened in the college and hostel.
 - Vice-Principal gave a brief introduction about the performance of students in academic.
 - Activities and importance of attendance of students.
 - Vice-Principal explained in detail about students Centralized examinations and asked parents opinion about their own children's performance. As some of the subjects are
 - difficult to study, students need to concentrate more and spend more time in studies rather than spending for leisure activities.
 - Some parents suggested that time restrictions should be kept for mobile use, but some other felt there is no need to keep such restrictions.

MADURAI - 625009

- Majority commended that as they leave their children in this institution, they have a faith that this institution will help them to be disciplined and hence such rules as keeping time restrictions for mobile and use would make them feel more secured about their child's life. Majority commended that as they leave their children in this institution, they have a faith that this institution will help them to be disciplined and hence such rules as keeping time restrictions for mobile use would make them feel more secured about their child's life.
- Parents were requested to advice their children to be more responsible for their behavior and performance in academic activities.
- Toppers of theory and practical examinations of each subject and Attendance toppers were felicitated.
- Meeting was adjourned at 3.00 pm which was followed by a seminar for parents by Dr. Ramanujam, Professor & HOD. Psychiatry on "Growing with your child - Art of mindful parenting".
