MADURAI - 625009

Madurai Shoulder - Knee Con 2017 on 22.7.2017 to 23.7.2017

Experience of Fellows...

Dr. Bharath MBBS., DNB (Ortho)
Jan 1st 2016 to Jan 31st 2016

The visiting fellowship at Cardiff and Vale University was an icing in the cake after a fellowship under Dr. K.N. Subramanian which formed a strong foundation on which further knowledge and experience could be added. The wide variety of cases gives adequate exposure to the different techniques that can be adopted in daily practice. With the consultants being generous in sharing their expertise areas, the shortcuts that can be used and the hardships during their practice, makes it great learning experience.

Experience of Fellows...

Dr. Smarth Arya
MBBS., MS (Ortho), DNB (Ortho), MINAMS
Nov 1st 2016 to Dec 12th 2016

I feel really blessed and fortunate to have a teacher, mentor and a guide like Dr. K. N. Subramanian Sir right from the start of my Orthopaedic career. I am really grateful to him for selecting me for the clinical fellowship programme at Llandough University Hospital which is attached to the Cardiff and Vale University, UK. Dr. Angus Robertson and his team were really generous in guiding and teaching me different techniques, shortcuts in arthroscopic surgeries of shoulder and knee. I also got good exposure in shoulder and Elbow arthroplasty. It was a wonderful learning experience and is helping me immensely in my daily practice.

Dr. Balaraju MBBS., MS (Ortho)
May 1st 2016 to May 31st 2016

I am really fortunate to have selected for one of the most coveted United Kingdom Visiting Fellowship offered through Dr. K.N. Subramanian in collaboration with Dr. Angus Robertson of Cardiff University. I had experience of assisting various complex knee and shoulder arthroscopy surgery. The hospital is attached to Cardiff University and consists of more than 30 Orthopaedic surgeons and hence also had chances to assist Primary and Revision arthroplasty cases. It is pleasurable and an immensely wonderful learning experience. While doing this visiting fellowship, I also applied for paid fellowship in London and feel happy to say that I got selected for another fellowship in London to start from September 2016

Dr. Girishkumar MBBS., MS (Ortho)
Jul 1st 2016 to Dec 31st 2016

I am extremely benefited from the fellowship under Dr. K.N. Subramanian. This fellowship was a comprehensive experience that provided excellent exposure to different cases in Arthroscopy and Sports Medicine. Dr. K.N. Subramanian showed enormously patience in teaching me from basics of Arthroscopy to advance techniques. International fellowship at UK was dream come true with exposure as an observer and had close working relationship with best renowned shoulder and knee surgeons. Totally it was wonderful opportunity to gain experience in the most up-to-date techniques in Arthroscopy and sports medicine.

Dr. Balasugumar MBBS., MS (Ortho)
Jan 2016 to August 2016

It is 10 months since I finished fellowship with my Chief Dr. K.N. Subramanian, I learned a lot with him in Arthroscopic shoulder and knee surgery. It was also a wonderful learning experience in Cardiff. The fellowship was designed such a way that there is clear targeted achievement from month by month and finally getting experience from UK also. It is a turning point in my career, he also guided me through to start my Arthroscopy practice at my home town. I believe that this fellowship has not only taught Arthroscopy but has also given Self confidence, a new profile for doing hard work and getting right attitude.

Dr. Amit Handa MBBS., MS (Ortho)
Jan 1st 2017 to Jul 31st 2017

I hail from Delhi. Presently I am about to finish my 6months fellowship with Dr. K.N. Subramanian. These 6 months had been a wonderful period for me with Dr. K.N. Subramanian. This fellowship gave me a enough exposure, hands on and tricks in managing the simple and complex shoulder and knee arthroscopy surgeries. Other than arthroscopy I also got a wide experience in hip and knee arthroplasty. Now in July I'm leaving to Cardiff, UK for 6 weeks of visiting fellowship in Arthroscopy to Cardiff and vale university health board.
