*NATIONAL SERVICE SCHEME; VELAMMAL MEDICAL COLLEGE HOSPITAL AND RESEARCH INSTITUTE UNIT
CLEANLINESS DRIVES UNDER SWATCHH BHARAT ABHIYAN*

The Swachh Bharat Abhiyan is a massive movement that seeks to create a clean India. Government urged all NGOs, schools, colleges, social, cultural and political leaders, corporates, Government officials, collectors and sarpanches, to accelerate Swachhata activities during the September 15 – October 2 period.

Under the same concept our institution also took pledge to arrange a cleanliness drive under National Service Scheme. Our campus always remains to be very clean as our staff's maintained strict cleanliness inside campus. Bins have been provided in our campus at each every section for collection of garbage including residential quarters, hostels as well as on all roads also. For celebration of Swachh Bharat Abhiyan on 27th September 2017, we selected areas near to main entrance of our outpatient department and outside the campus on highway. 35 medical students and 10 housekeeping staff team prepared under NSS coordination along with the help of housekeeping department. Precautions were taken by wearing masks and using hand gloves during cleanliness drive. Cleanliness activities started from in front of outpatient department to generate awareness among common people. Then area near temple and main hospital entry gate covered. Later on students move on highways and done cleaning on road and on bus stand. Various garbage including paper cup, plastic bottle, plastics wrappers, empty coconut shell, news paper etc. collected in green bins. Sweepers from housekeeping department cleaned dust inside campus.

Date of Despatch	:	
No	:	

Lr.No. F. Plastic Ban/DEE/TNPCB/MDU/2018 dated 23.11.2018

Sir,

Sub: TNPCB – Industries – Implementation of the Ban on “use of one time use and throwaway plastics” from 01.01.2019– orders issued – Reg

Ref: G.O.(Ms) No. 84, Environment and Forests(EC.2) Department, dated:25.06.2018.

The Honourable Chief Minister of Tamil Nadu has made an announcement under Rule 110 on the floor of the Assembly on 05.06.2018 that there will be ban on “use of one time use and throwaway plastics” from 01.01.2019. Subsequently, in G.O. vide reference cited, the Government has imposed ban on the manufacture, store, supply, transport, sale or distribution of certain “use and throwaway plastics” such as plastic sheets, plastic plates, plastic coated tea cups/tumblers, plastic straw, plastic flags, plastic sheets, plastic water pouches and carry bags (irrespective of thickness) from 01.01.2019 onwards exempting certain items as detailed in 1(b) of the said notification.

In this regard, It has been directed with immediate effect that all the industries shall take the following measures so as to comply with the order of the Government on the ban on use of one time use and throwaway plastic items:

1. Provide permanent display board made of metal (not in PVC Flex) with pictorial representation of the banned “one time use and throwaway plastics” items at the entrance of the industry, for informing the visitors about the implementation of the ban on “use of one time use and throwaway plastics”.

To HK 1/2
to attend the meeting
on 28/11/18 @ 11.30 AM
Am
24.11.18

2. Declare their industry premises as "plastic free zone" and stickers shall be put up prominently.
3. Conduct awareness programme among the employees and other public within 10 Km radius , about the ban on use of "one time use and throwaway plastics" and the alternatives for the banned plastics, utilising the services of proactive NGO's, NGC and ECO clubs. .
4. Conduct competitions among the children's of their employees for creating awareness about ban on use of "one time use and throwaway plastics".
5. Take pledge to avoid "one time use and throwaway plastics".
6. Provide notices to the suppliers, customers and visitors, detailing the banned plastic items and to make practice to use alternate to banned plastic items.
7. Ensure that the banned plastic items are not used in the canteen, offices, official meetings, etc.
8. Form a "one time use and throwaway plastics avoidance Committee" comprising of top, middle and lower level officials with responsibility to create and spread awareness among the employees and community around 10 Km radius.

The industry may carry out the above awareness programme under Corporate Social Responsibility (CSR). Further it is informed that the above activities carried out by the industry will be taken into account for Green Awards, issued by Government of Tamil Nadu.

The industry shall document the above and send the same to the TNPC Board through email id: beattheplasticpollution@gmail.com on or before 15.12.2018.

In this regard you are requested to attend this office on 28.11.2018 at 11.30 AM.

WORLD ENVIRONMENT DAY

World environment day is also known as the Environment Day, Eco Day. It has been one of the great annual events for years which is being celebrated worldwide by the people aiming to protect the unique and life nurturing nature on every 5th June. Every year celebration is planned according to the particular theme and slogan of the year to bring effectiveness in the campaign all through the world. This year's theme was "Connecting People to Nature".

In view of this theme of world environment day, Velammal Medical College Hospital and Research Institute's students, who are NSS volunteers, conducted awareness activity for out patients and general population, on basis of following subject matter: "Planting Trees, Rain Water Harvesting, Avoiding Plastics and Polythene and Preserve Ground Water".

The chairman of Velammal educational trust, Shree. M. V. Muthuramalingam started the event in the presence of Dean of

VMCH & RI, Dr. R. M. Raja Muthiah, Medical Superintendent Dr. S. Somasundaram, Vice Principal Dr. P. K. Mohanty and Chief Operating Officer Mr. Peter Kennedy. Dr. Dhaval, Associate professor, department of Community Medicine and the NSS Coordinator of VMCH & RI, organised the entire events.

Students gathered in front of main gate of hospital with flex banners and placards demonstrating how to preserve ground water and environment, need to plant more trees and significance of harvesting rain water. Students also demonstrated and explained the threats of global warming and the need to completely banning plastics and polythene articles. Further students also explained about importance of obeying traffic rules, adverse effects of emission from vehicles through placards. The general population who accompanied out patients in their waiting times raised doubts regarding how to preserve the environment, which were clarified by the students.
