VELAMMAL MEDICAL COLLEGE HOSPITAL AND RESEARCH INSTITUTE MADURAI - 625009

Summary:

- Immunisation clinic is functioning under department of paediatrics since its inception.
- As of now 150 undergraduate students and 2 post graduate students are attending clinical & theory classes in our department.
- For undergraduates, there is a separate theory class on the principles & practices of immunisation conducted in Final Year – Part I. Also, special teaching programmes (CMEs, Seminars, Workshops) are regularly conducted by the department to update the students about changing immunisation policies.
- During clinical postings, students had separate sessions on immunisation days to observe the techniques of vaccination & to assist the nurses during injection administration. Also, during the CRRRI posting, they are getting trained regularly in the immunisation clinic regarding technique and principles of childhood immunisation.
- Postgraduate students are attending immunisation clinic on every Wednesdays.
- They are trained by the consultant in charge about decision making for immunisation & vaccine administration technique.
- They will be supervised by the consultant in charge while administering vaccines to the children.
- Postgraduate students have seminar presentation on recent updates on immunisation & newer vaccines every yearly.
