Dear Dr. Bele,

You may bring the students for observation on 28th December, 2021 as discussed. Kindly note the following:

1. Ensure that the students follow COVID protocols and COVID appropriate behaviour within the hospital campus (masks, hand sanitizers etc).
2. As you are bringing a large group of students, advice them to maintain decorum within the hospital such that our work is not disrupted.
3. Treat the patients with respect and compassion.

We hope the students get sensitized to work in rural health care and get inspired to work with leprosy.

Regards,  
Dr. Jacqueline Jose
