## Report on Orientation program for fresh students 2017-18

An Orientation Programme was organized on July 29 2017 for the 1<sup>st</sup> MBBS students in VMCH & RI auditorium.

The event was attended by all the fresh students and their parents/ local guardians.

The Programme commenced with an invocation song by students seeking the blessings of the Lord Almighty, followed by lighting of lamp by Hon'ble Chairman.

Dean delivered the welcome speech followed by our chairman's speech regarding the insight of the college. Vice Principal briefed students regarding the code of conduct for students and their responsibility in the collage. Parent were also made aware of the facilities available in the college for curricular and co-curricular activities and responsibilities of parents.

Finally, the programme concluded with vote of thanks followed by high tea to all the students, parents and staff. Later the students attended orientation class in the lecture halls. Student handbooks were distributed to all students.

### **Report on Programme on Professional Ethics**

Programme on professional ethics is a programme organized by our college for the clinical students to guide them about the professional ethics.

This event is conducted once students enter into II Year MBBS students as clinical students after their preclinical year.

Programme on professional ethics was held for II Year MBBS students before the commencement of Clinical Postings of the students. This programme was organized on Sep 6 2017 in the college auditorium, with almost 200 participants in this event. Our Beloved Chairman Mr. Muthuramalingam inaugurated the event.

They spoke about 'Patient Management' and 'Sterilization & Disinfection Protocols' respectively.

The students were guided by eminent Medical Faculty and HOD's of the Clinical Department regarding patient management, treatment procedures and infection control protocols.

This was intended to provide students with well-defined guidelines regarding the responsibilities of a clinician, as they transited from pre-clinical work to clinics.

The students were also guided regarding the communication skills with the patients, dress code & also their responsibilities as a doctor towards the patients. The programme was winded up after clearing doubts from the students regarding the ethical practices.

- In order for any medical treatment to be considered legal, the patient must first provide the health care worker with an informed consent.

- Forensic medicine HOD emphasised on us moving into an era that will provide increasing options for medical care. Innovative technologies, cutting-edge medical procedures and state-of-the-art treatments are designed to give people longer and more productive lives.

The students were guided by eminent Medical Faculty and HOD's of the Clinical Department regarding patient management, treatment procedures and infection control protocols.

This was intended to provide students with **well-defined guidelines regarding the responsibilities of a clinician, as they transited from pre-clinical work to clinics.**

#### **Conclusion:**

The session emphasized on the "legal and ethical essentials of health care administration" It was such an interactive session and new information and skills were known after the end of the session. At the end there was a general discussion on the topic was there followed by a question answer session where several doubts that were raised were clarified by the respective speakers.

#### **Report on Programme on Professional Ethics**

Programme on professional ethics is a programme organized by our college for the clinical students to guide them about the professional ethics.

This event is conducted once students enter into II Year MBBS students as clinical students after their preclinical year.

Programme on professional ethics was held for II Year MBBS students before the commencement of Clinical Postings of the students. This programme was organized on Sep 23 2021 in the college auditorium, with almost 200 participants in this event. Our Chairman and Dean Dr. Thirunavukkarasu inaugurated the event.

They spoke about 'Patient Management' and 'Sterilization & Disinfection Protocols' respectively.

The students were guided by eminent Medical Faculty and HOD's of the Clinical Department regarding patient management, treatment procedures and infection control protocols.

This was intended to provide students with well-defined guidelines regarding the responsibilities of a clinician, as they transited from pre-clinical work to clinics.

The students were also guided regarding the communication skills with the patients, dress code & also their responsibilities as a doctor towards the patients. The programme was wound up after clearing doubts from the students regarding the ethical practices.
