Students at the International Congress On Autoimmunity Annual Meet In Leipzig Germany In April 2016

I am honoured and proud to share the happy moment that our Rheumatology Department has received worldwide attention in the International Congress on Autoimmunity Annual meet in Leipzig Germany in April 2016. Third year medical student, Jane S.Sathiavadiyu, had done a study on "Correlation of clinical profile with Immunological markers in common Rheumatological diseases in our clinic" and presented the data as posted. It was appreciated by wide audience and well received. This was her first appearance in a scientific forum after joining the medical college. The medicine department and the college team wished her success in future endeavours

Our Rheumatologist, Dr.N.Subramanian, had presented data on "Biosimilars in Rheumatology in south India", which was appreciated by researches from across the globe. He talked about the use of different newer synthetic biologic drugs in controlling common Rheumatologic Diseases. The newer biologics and the biosimilars (which are bio equivalent with affordable cost and equal efficacy) have improved the quality of life of our patients and gained Independent mobility.

The Rheumatology Department is continuing its efforts to improve patient satisfaction, quality of life and clinical research to gain insights to be fascinating speciality.

Velammal Students in International Conference in Dubai – APLAR 2017

We would like to share the fantastic news that our Velammal Medical students have presented in an International Asia Pacific Rheumatology Conference in Dubai.

The 19th edition of APLAR kicked off on the 17th of October, 2017 at the World Trade Centre of Dubai with a welcome and introductory speech on the future aims and cares to be offered for rheumatology patients both young and old.

Connective tissue diseases and Spondyloarthropathies were the hot topics of the second day of the conference. The talk on SLE in pregnancy brought clarity to one of the grey and critical areas of rheumatology. The curtains were brought down for the day with the seminar on Osteoarthritis in Asian Pacific region.

The conference was packed with Oral Presentations and poster abstract presentations. Participants from various nations presented their research to the eminent judges. We presented our clinical studies from VMCH as posters and they evoked keen interest among the delegates and many were surprised to see medical students presenting in International conferences. It was really a great boon to Velammal College students.

1. Clinical and Immunological Profile of patients with SLE with special focus on Lupus nephritis – Yuva Vishalini
 2. Prospective study of Ankylosing Spondylitis in South India - T Dhivya
 3. Biosimilars in Rheumatology- our experience and
 4. Clinical profile of Pediatric rheumatology in children- Dr. Subramanian,
- Consultant
Rheumatologist.

The ultimate end to this great conference was the much awaited Great APLAR debate which made the gathered audience ponder over the questions put forth by both the speakers. The conference provided a lot of exposure and we met researchers and clinicians of the Asian Pacific region. The knowledge of the gathered was vast as the dunes of the Dubai desert and we left carrying a portion to remember for the days to come.

Ms. Jane S.Sathia vadivu involved in the discussion with Japanese Rheumatologists in the conference Dr.N.Subramanian delivering his talk on biosimilars in RA and SPA in Lisbon, Portugal

I am delighted to share this news that two of our interns have been selected to present their short study in Rheumatology in the annual Autoimmune Congress at Lisbon, Portugal.

Ms. Jane S Sathiavadivu and Ms. Yuva Vishalini presented on "An Observational study on Vasculitis with reference to immune histopathology" and "Profile of Autoimmune Rheumatological diseases in children" respectively. It was well received and got big appreciation. Presenting in International conference in UG period is really a great boon to their confidence and I hope they will continue their hard efforts in research in future. I presented our work on Biosimilars in RA and Spondyloarthritis -2 years data and it was appreciated by the judges and audience and first of its kind in South India. It evoked keen interest among the Europeans to consider biosimilar drugs. On behalf of Rheumatology department I would like to thank all the specialities involved in finishing our work and to our Dean, MS and the Chairman for their unflinching support.

We will continue to show case our Velammal flag in National and International arena. Submitted by

List of CRRIs presenting cases in the Clinical Society Meeting 2018:

VELAMMAL MEDICAL COLLEGE HOSPITAL &
RESEARCH
INSTITUTE, MADURAI-09

The 24 presentations were from the following 16 Departments:

1. Psychiatry (January and June)
2. Surgical Gastroenterology (January)
3. Paediatrics (February and April)
4. Dentistry / OMFS (February, June and November)
5. Respiratory Medicine (March and July)
6. Medical Oncology (March and December)
7. Anaesthesiology (April)
8. Emergency Medicine (May)
9. Urology (April and October)
10. General Surgery (July and September)
11. Nephrology (Nephrology)
12. Paediatric Surgery (August)
13. Medical Gastroenterology (September)
14. Obstetrics & Gynaecology (October)
15. Rheumatology (November)
16. Cardiothoracic Surgery (December)

Detailed list of the Title of the case report and the name of the presentors are tabulated

What is new in 2018? (2)

The CRRIs who were involved in the care of the particular patient were given chances to present the case. This gave them the opportunity to develop confidence to face the forum and the professional skills

**Case presentation by CRRI in the IAP Madurai Branch Clinical
Academy Meet**

The Clinical meet of Indian Academy of Paediatrics Madurai branch is conducted every month. All the Paediatricians in and around Madurai attend the meeting. Cases are presented by faculties, postgraduates or CRRIs of Madurai Medical College, Theni Medical College, Sivagangai Medical College and various Hospitals. Presenting cases in this forum enhances the Professional skills in the case discussions and Personality skills to face the learned audience.

Gastro intestinal Physiology - An online Quiz program

An online Quiz program was organized by the Department of Physiology of Velammal medical college on 25.06.2021 Friday between 1.30 pm-4.30 pm, in the topic Gastro intestinal Physiology, for first MBBS students of VMCH&RI, along with 140 first MBBS students from 7 other medical colleges across Tamil Nadu. The program was organised by Dr.S.Anu, HOD, Department of Physiology.

Dr. John Rajpathy, Professor,

Dr. M. Saravanan and Dr. K. Rekha, Associate professors were the quiz masters and Dr.S.P.Kausikan PG student was the scorer. The program was addressed by our Dean Dr.T.Thirunavukkarasu.

Totally 290 students participated in the online event along with faculty from other medical colleges. The program started with a scientific session of talk on "Mindful eating"-by Dr. N. Anuradha, HOD, Department of Physiology, Satyabama Dental College, Chennai.

After the guest lecture, Quiz was conducted for the 5 teams of Velammal Medical College students in 7 various rounds.

The following students of VMCH&RI secured the 1st, 2nd & 3rd places respectively

Sneha P & Tanvi Kothari

Ganesh Srinivasan & Siva Kumar

D. Jeeva Siddarth & Vishnu N Subramanian

Winners from Velammal Medical College and the students who performed well in the audience round were also awarded with e- certificates.

After the main quiz, a separate quiz program was conducted for other college students in 3 rounds. Government Thoothukudi Medical college, Rajah Muthiah Medical college & Government Sivagangai Medical college secured the 1st, 2nd & 3rd places respectively and were awarded with e certificates.
