VELAMMAL MEDICAL COLLEGE

HOSPITAL AND RESEARCH INSTITUTE

MADURAI - 625009

SUMMARY:

- Immunisation clinic is functioning under department of paediatrics since its inception
- As of now 150 undergraduate students and 2 post graduate students are attending clinical and theory class in our department
- For undergraduates there is separate theory class on the principles and practises of immunisation conducted in final year part I. Also special teaching programmes (CMEs, Seminars, Workshops) are regularly conducted by the department to update the students about changing immunisation policies
- During clinical postings, students had separate sessions on immunisation days to observe the techniques of vaccination and to assist the nurses during injection administration. Also during the CRRI posting, they are getting trained regularly in the immunisation clinic regarding technique and principles of childhood immunisation.
- Postgraduate students are attending immunisation clinic on every Wednesdays
- They are trained by the consultant in charge about decision making for immunisation and vaccination administration technique
- They will be supervised by the consultant in charge while administering vaccines to the children
- Postgraduate students have seminar presentation on recent update on immunisation and newer vaccines every yearly
