

## Guest Lecture – Neurotransmitters

The program started with the welcome address by Dr. S. Anu, professor and head, department of physiology, VMCH. The introduction of the guest speaker was given by Dr. M. Renu Meena, Assistant Professor, department of physiology, VMCH. Dr. Nachal Annamalai, Retd professor of physiology, Trichy SRM medical college gave a guest lecture on the topic “Neurotransmitters”. Mam broke the topic into multiple subtopics and dealt with each in detail with clinical correlation which was easier for the students to understand the overall mechanism. She also highlighted about neuromodulators. The session was highly informative and the students eagerly listened to the guest lecture and clarified their doubts then and there. The feedback on the guest lecture was given by first year MBBS students Mani shankar and Abed adnan. The students gave a standing ovation for the guest speaker.

Dr. Nachal Annamalai was felicitated by Dr.S.Anu and a memento was given on behalf of physiology department. The program ended with vote of thanks by Dr.John Rajpathy, professor, department of physiology, VMCH.
