

Student seminar 2021 -2022 batch

Student seminars were conducted at regular intervals for the MBBS I year students. The students were divided into groups and allotted topics pertaining to the system being taught in class. One faculty was assigned to the students to guide them. On the date of the seminar the student group will be asked to pick lots to determine their turn for presenting. The students present their seminar in front of the whole class making sure that each member of the group is speaking and explaining their slides. These seminars will be judged by guest faculties and Department faculties.
