BOSS MOVES AFTER MBBS

Greetings to all,
From day one of MBBS, we've all wondered—what's next? Some are deeply engaged in NEET PG and foreign medical exam prep, while others are still figuring things out. But here's the truth: there's a world of opportunities beyond just postgraduate exams!

To help you explore exciting, high-paying career paths after MBBS, the Career Wing of the Students' Club is hosting a power-packed 3-day workshop on:

APRIL
MON, TUE, WED **7, 8, 9** 4:00-4:45 P.M.

The Career wing of Students' club hosted an event '**BOSS MOVES AFTER MBBS**' in the second week of April. The event was a 3-day interactive session which had panel of speakers providing insights on various career options that are available after MBBS apart from doing a post-graduation.

The event kick-started with a welcome address by Dr. Hari Krishnen, CRMI, President of Student's club, followed by the introduction of the event by Dr Keshava Vijaya Ananth, CRMI. Chief guest was introduced by Vimal, pre-final year MBBS, Event Coordinator.

The chief guest Dr. M Guru Prakash MBBS, AFIH, FIDM (Occupational Physician - TVS Sundram Fasteners Limited, Madurai) discussed being a factory health officer after pursuing MBBS. The session was so interactive and informative. The session provided information about the AFIH course, the objectives and institutes offering the course, the exams for the course, pay of the course etc. The session ended on a good vote of thanks by Vijay Vignesh, Event Coordinator.

The most awaited set of sessions for all the participants happened on this day of workshop, wherein the first speaker was Dr. R. Durai Arasan, Assistant Professor, Department of Physiology, shared his experience and insights about "Government job opportunities for post MBBS doctors in Tamil Nadu" in a crystal-clear manner. Students got to know about the exams, incentives, pay and postings available for post-MBBS doctors in Tamil Nadu. Participants actively participated in the session and cleared many of their doubts. The next session was by Dr Noel Naveen Johnson, Assistant Professor, Department of Physiology, who made students aware about "Job opportunities beyond Tamil Nadu and more" in a clear and humorous manner that lit the josh of the crowd. Topics like Short service commission, IAS, IRS, Army medical officer, Airport medical officer were discussed.

On the last day the first session was kickstarted with Dr. J. T. Ajit Kumar, Assistant Professor, Department of Physiology, who beautifully explained on the topic "Setting up your own clinical practice". This provided the students with an idea of how to set up a clinic and the intricacies involved in setting up one. He also explained on how to handle PG studies after setting up clinical practice. The last session, titled "From Medicine to Management: How an MBA Can Skyrocket a Doctor's Career," was eloquently presented by Dr. Renu Meena. It was packed with valuable insights and highlighted an exciting, unconventional path for doctors looking to venture into the world of management.

Dr. Geetha Suhaasa gave the vote of thanks, expressing heartfelt gratitude to all the speakers, participants, and organizers who contributed to making the event a success.

**Department of Physiology,
Velammal Medical College Hospital & Research Institute, Madurai**

The organizing team extended their deepest gratitude to Dr. S. Anu [Head of Department of Physiology] for her invaluable contribution in making the event possible. Her unwavering commitment, visionary leadership, and tireless efforts served as the backbone of this successful gathering. Dr. Anu's ability to seamlessly bring together all aspects of the event not only ensured its smooth execution but also inspired everyone who participated.
